

TARUN SINGH GOHIL

UX/UI Developer | Front-End Development

tarungohil80@gmail.com • linkedin.com/in/tarun-singh-gohil/ • +918505015184

Summary

Highly motivated and resourceful UI/UX Developer / Front-End Developer with **4.5+ years of hands-on experience** in building responsive, scalable, and user-friendly web applications and websites. I leverage AI tools like GitHub Copilot and ChatGPT to streamline development, enhance productivity, and solve complex problems quickly. Passionate about clean code, optimized UI/UX, and continuous learning, I thrive in Agile teams and actively collaborate with peers to stay updated with evolving web trends while contributing to high-impact, innovative projects.

Experience

Formidium India Private Limited

Jaipur, Rajasthan

UX/UI Developer

02/2022 - Present

- Built and maintained React applications with a focus on **reusable, scalable components**.
- Managed **complex application state** using **Redux** and **Context API** for enhanced data flow and performance.
- Integrated **third-party and custom APIs** to deliver dynamic, real-time data-driven features.
- Applied **performance optimization techniques** including **lazy loading** and **code-splitting** for faster load times.
- Translated **Figma designs** into **pixel-perfect, responsive interfaces** using **Tailwind CSS** and **Material UI**.
- Ensured **cross-browser and cross-device compatibility** for consistent user experiences.
- Managed and maintained **12+ high-traffic websites**, ensuring optimal **performance, functionality, and visual appeal**.
- Designed and developed modern, user-centric product pages, enhancing **UX** and contributing to **increased engagement**.
- Spearheaded new feature development, adding **interactivity** and improving overall **user satisfaction**.
- Conducted **market trend research** and proposed innovative design strategies aligned with **current UI/UX best practices**.
- Continuously optimized and updated existing websites to maintain **responsive, up-to-date** designs.
- Wrote **clean, maintainable, and well-documented code**, following industry best practices and coding standards.
- Identified and implemented **custom web solutions** to meet both business goals and client requirements.
- Collaborated with **cross-functional teams** (designers, marketers, developers) for cohesive branding and platform integration.
- Proficient in tools like **HubSpot CRM**, experienced with **JIRA**, and adept at leveraging **AI-driven tools** for productivity.

Uplogiks

Jaipur, Rajasthan

Web Designer

11/2020 - 02/2022

- Developed and maintained **50+ responsive WordPress websites** with a focus on performance and user experience.
- Translated **PSD designs** into **pixel-perfect HTML/CSS** layouts.
- Customized and extended **WordPress themes and plugins** to enhance functionality.
- Designed and implemented **mobile-first, responsive UI/UX** using Elementor, Gorilla Forms, and custom contact forms.
- Ensured **cross-device and cross-browser compatibility** for all projects.
- Wrote and maintained **clean, reusable, and well-documented code**.
- Performed regular **website maintenance, updates, and performance optimization**.
- Conducted **market research** to apply modern web design trends and best practices.
- Built and integrated **reusable components and code libraries** for efficient development.

Trainee in Web Development

05/2019 - 07/2019

- Gained **hands-on experience** with various web development models, tools, and methodologies.
- Created **visually appealing web graphics** and design elements to enhance user engagement and UI aesthetics.
- Designed **web mockups and logos** using **Adobe XD**, ensuring consistency with project requirements and branding.
- Contributed to **UI/UX design efforts**, focusing on usability, visual consistency, and modern design principles.
